

Here are some of the restrictions which we MUST follow:

- You **must not** visit other people's houses
- You **must not** socialise with other families outside of the home
- The requirement to wear face coverings has now been extended to all staff in retail, all users of taxis and private hire vehicles, and staff and customers in indoor hospitality. Face coverings will still be required on all public transport. You could be fined £200 if not doing so
- It is now **law** to self-isolate if you are required to. You could be fined £1000 if you fail to do so

Please check the school website, the internet or news for further information and restrictions.
