

## **12-15 Vaccination Walk-in at Grainger Market**

Young people between the ages of 12-15 will be able to attend a walk-in vaccination clinic at the Grainger Market from this weekend. Each Saturday, between 10am – 5pm, young people will be able to attend the market for a vaccine without an appointment. Previously, this age group could only be vaccinated in school or through appointments from the national booking system. It is advised that young people attend with a parent or carer, but the on-site clinical will vaccinate young people who consent themselves, subject to a consultation.

The clinic will offer vaccines to everybody over the age of 12, not just children and young people.
